Good Whiskey Stimulates

the circulation of the blood—makes the liver active and the
bowels regular. For most headaches and simple complaints it
is better than any drugs or medicines. Next time you feel
"run down" or ill, try

Sunny Brook THE PURE FOOD Whiskey

It is bottled in bond, therefore absolutely pure, natural, straight
whiskey, mellowed by age only and with a delicious flavor. Used
judiciously, its effect is both invigorating and exhilarating. The
"Green Government Stamp" on each bottle is the official proof
that it has been distilled, aged and bottled under the super-
vision of U. S. Government Inspectors. If your dealer doesn't
carry SUNNY BROOK, write us and we will be glad to tell you
where to get it.

THE WELD THAT HELD

Science has developed something infinitely
better than the old-style wrap or clamp.

"PITTSBURGH PERFECT" FENCES ARE WELDED BY ELECTRICITY.

This is the modern method of construction. Years of life are
added through the elimination of serious fence defects.

A WRAP holds moisture, tracks the galvanizing and allows the water to attack the bare wire. A small
amount of displaced galvanizing on "PITTSBURGH PERFECT" REINFORCES THE PRO-
TECTION AGAINST RUST AT THE ELECTRICALLY WELDED JOINT; examine the joint.

STAYS CANNOT SLIP. They are always fast where they were put. Stay and strand wires
become one piece when the union is made. The fence is like a solid sheet of perforated steel.

Every Rod is Guaranteed Perfect.

Don't allow your prejudice in favor of the rapidly declining and now antiquated methods you have
hastily known, to warp your good judgment.

"PITTSBURGH PERFECT" FENCES REPRESENT PROGRESS, because hundreds of
thousands of dollars worth of standard material is daily welded by electricity.

The hoop on the average sugar barrel in the isolated country grocery store is an electrically welded
product.

If your wagon was made in a large factory, its tires were welded by electricity.

Yes, it is electrically welded hoops on ice cream freezers and washing machines, on many tubs and buckets. Examine them.

"PITTSBURGH PERFECT" fences are made by this modern, simple and marvelous process, producing "THE WELD
THAT HELD."

MR. FARMER: LISTEN, NOW. Every agent handling "PITTSBURGH PERFECT" fences is author-
ized to guarantee this:

1. That the wires are not injured at the joints.

2. That the fence is perfectly adjustable to uneven ground.

3. That the fence will not separate from the strands.

4. That the fence is set right in every particular.

Can't you see that these definite promises? Your complete satisfaction is absolutely
guaranteed.
